

## THIRD EFFORT OF ROOSEVELT

Half of Scheduled Speeches  
Now Delivered—St. Louis  
Visited Yesterday.

### USUAL CROWDS OF PEOPLE

CAIRO, ILLINOIS, NEXT ON PRES-  
IDENT'S LIST.

St. Louis, Oct. 2.—President Roosevelt in a speech here today declared it the nation's duty to restore the Mississippi river to its proper place as a great artery of commerce and termed the proposed fourteen-foot channel from the lakes to the gulf a "national task." He warned against plans which might "entail reckless extravagance or be tainted with jobbery," but urged a liberal waterway policy.

The president's address was not diminished owing to the fact that he was drenched by a sudden downpour of rain while en route to the Jai Alai building, where the speech was delivered.

A tremendous ovation was accorded the national executive when his steamer, the Mississippi, entered St. Louis harbor to make the first stop on the voyage from Keokuk, Ia., to Memphis, Tenn., where President Roosevelt will attend the convention of the Deep Waterways association on Friday.

Thousands Present.

Thousands of persons had congregated upon the levee to witness the president's arrival and were held in check by cordons of police and companies of soldiers from Jefferson Barracks. Amid the clamor of shrieking whistles, clanging bells and cheering from the masses assembled, the president landed and was greeted by fifteen governors from states bordering upon the Mississippi and some from adjacent portions of the country. Congress, and officials representing the city of St. Louis.

Through a heavy downpour of rain the president, standing in an open carriage and bowing to the multitudes, was driven to the Jai Alai building, five blocks from the river, where he delivered his speech. The president took occasion to especially emphasize his views on the necessity for control of the river by federal corporations, and he frequently departed from his manuscript to elaborate and make clearer his views on that point.

### "Sovereign" to Control.

His contention was that there must be some sovereign to control these institutions, especially railroads. He spoke at length of the difficulty in reaching the corporations which are incorporated in one state and do business in another. He instanced especially his experience in getting the Southern Pacific railway to repair breaks in the Colorado river. "That disaster occurred in California," he said, "but do you suppose I found it possible to deal with the railroad there? No. The railroad is a New Jersey corporation and I had to deal with it as such."

He contended that the constitution must be interpreted to fit modern day conditions, and not conditions that existed when it was adopted.

### View of the Constitution.

"It must be construed as an instrument of life and not a symbol of death," he said epigrammatically. "The judges of the courts should always stand against popular clamor, but they should also recognize the necessity for a general conservation of public welfare under the present conditions," he asserted. He contended that in taking this position he was fighting the future fight for the rich, for if the rich commit excesses now they invite excesses against themselves and their posterity.

Speaking of improvement of the Mississippi river he warned the advocates of that interest against insufficiently considering local improvements. The whole waterways systems must be treated as a whole and the enterprise must not be tainted either with folly or extravagance.

President Roosevelt was introduced by Governor Folk of Missouri in a brief speech.

"I introduce to you," he said in conclusion, "President Roosevelt, patriot American and man. As the president advanced to speak the audience on mass, cheering and waving flags for three minutes."

At the conclusion of the president's address.

## Charcoal Kills Bad Breath

Bad Odor of Indigestion, Smoking,  
Drinking or Eating Can Be  
Instantly Stopped.

Sample Package Mailed Free.

Other people notice your bad breath where you would not notice it at all. It is nauseating to other people to stand before them and while you are talking, give them a whiff or two of your bad breath. It usually comes from food left on your stomach. Sometimes you have it in the morning—that awful sour bilious, bad breath. You can stop that at once by swallowing one or two Stuart's Charcoal Lozenges, the most powerful gas and odor absorbers ever prepared.

Sometimes you may reveal them to yourself in your breath to those who talk with you. "You've had onions," or "you've been eating cabbage," and all of a sudden you belch in the face of your friend. Charcoal is a wonderful absorber of odors, as every one knows. That is why Stuart's Charcoal Lozenges are so quick to stop all gas and odors of indigestion, food, or gas from indigestion.

Don't use breath perfumes. They never conceal the odor, and never absorb the gas that causes the odor. Besides, the very fact of using them reveals this reason for their use. Stuart's Charcoal Lozenges in the first place stop for good all sour breath and belching of gas, and make your breath pure, fresh and sweet. Just after you've eaten. Then no one will turn his face away from you when you breathe or talk; your breath will be pure and fresh, and besides your food will taste so much better to you at your next meal. Just try it.

Charcoal does other wonderful things, too. It carries away from your stomach and intestines, all the impurities there massed together and which causes the bad breath. Charcoal is a purifier as well as an absorber.

Charcoal is now by far the best, most easy and mild laxative known. A whole boxful will do no harm; in fact, the more you take the better. Stuart's Charcoal Lozenges are made of pure white charcoal and mixed with just a faint flavor of honey to make them palatable for you, but not too sweet. You just chew them like candy. They are absolutely harmless.

Get a new, pure, sweet breath, freshen your stomach for your next meal, and keep the intestines in good working order. These two things are the secret of good health and long life. You can get all the charcoal necessary to do these wonderful but simple things by getting Stuart's Charcoal Lozenges. We want you to test these little wonder workers yourself before you buy them. So send us your full name and address for a free sample of Stuart's Charcoal Lozenges. Then after you have tried the sample, and been convinced, go to your druggist and get a 25-cent box of them. You'll find better all over, more comfortable, and "cleaner" inside.

Send us your name and address today and we will at once send you by mail a sample package free. Address: F. A. Stuart Co., 200 Stuart Building, Marshall, Mich.

## TO IMPROVE THE COMPLEXION

Home Treatment Said to Be Most Effective in Bringing the Glow of Health to Sallow Faces.

The wash and massage as given in the formula below comes from the noted French dermatologist and is most generally used among the ladies of the exclusive social circles of Paris where powder and cosmetics of all kinds are now scorned.

Obtain from your druggist the following: Two ounces Rose Water; one ounce Cologne Spirit; four ounces crystallized Sartin (skin food).

Put the Sartin in a pint of hot water (not boiling); let it cool, then strain through a fine cloth into a bottle or small fruit jar and add the Rose Water and Cologne Spirit.

This will make a sufficient quantity to last for a long time and is an inexpensive toilet preparation, at the same time being the most effective known to the profession. The only thing to remember in using it is that it must be well massaged into the skin. If this is done and it is used persistently it is remarkable how it will restore that enviable youthful bloom.

dress he and the party of distinguished escorts hurried to waiting carriages and were taken at a gallop to the Jefferson hotel, where they were the guests of the St. Louis Business Men's league at luncheon. Covers were laid for more than 400 guests. There were no set speeches but the president responded to the toast of the league just now mean the securing of the fourteen-foot river channel.

The party was scheduled to leave the hotel at 2:30 o'clock, but the president did not enter his carriage until after 3 o'clock. Arriving at the wharf it was found that Governor Curry of New Mexico, who was to travel with the president, was not aboard the steamer. A search of a half hour revealed Governor Curry on the steamer Alton. He was summoned by the president and the Mississippi cast off her moorings shortly after, an hour behind schedule time. She was followed by the president's steamer, Colonel McKenzie carrying the members of the inland waterways commission, the Alton bearing the members of fifteen states, sixteen other large steamboats and a host of smaller craft. As the flotilla passed Jefferson barracks, twelve miles below St. Louis, the soldiers quartered there stood at attention on the shore and the presidential salute was fired.

The president intended to go aboard the McKenzie tonight for conference with the members of the inland waterway commission, according to Dr. W. J. McGee, the commission's secretary. It was intended that the Mississippi and McKenzie come together in mid-stream and the president go from one boat to the other. Tomorrow the president will deliver a speech at Cairo, Ill.

Henry E. Jones of Tampa, Fla., writes: "I can thank God for my present health, due to Foley's Kidney Cure. I tried doctors and all kinds of kidney cures, but nothing done me much good till I took Foley's Kidney Cure. Two bottles cured me, and I have no more pain in my back and shoulders. I am 42 years old and suffered long, but thanks to Foley's Kidney Cure I am well and can walk and enjoy myself. It is a pleasure to recommend it to those needing a kidney medicine."—F. J. ## HEADQUARTERS ARE SECURED

Democratic Committee Will Have Four Rooms in the Windsor Hotel.

Chairman Ashby Snow of the Democratic city committee yesterday secured campaign headquarters in the Windsor hotel on Main street between Second and Third South streets. The suites taken by Mr. Snow and the city party for the hotel and they are in every way desirable. There are four rooms in all, all of them connecting. The two largest rooms will be used as general reception headquarters. Mr. Snow will have one of the smaller rooms for his private office, while the stenographers and mailing clerks will occupy the others.

The suites will be ready for occupancy next Monday.

### Political Notes.

The Republican city committee meets tonight to elect a chairman. The race is between old General Apathy and James Levine, silver chisel maker in favor of general. Parley P. Jensen, favorite son of Stockholm, is slated for secretary.

Pearless Leader Freed of the Thirty-sixth district authorizes The Herald to indignantly deny the report that he will allow only Americans to win horse races at the state fair. The P. L. W., however, is glad to receive campaign contributions from such "Americans" as do win races, and after today he will post lookouts in the betting ring to levy contributions on all "Americans" that make successful wagers.

The Republican district chairman in the Fifth precinct held a meeting last night at the residence of H. N. Standish to discuss the fusion question. All except Mr. Standish were in favor of combining with the Democrats. The meeting adjourned after a two hours session, subject to the call of the chairman, the purpose being to consult with the Fifth precinct Democrats on the subject.

## BADGERS WILL BANQUET.

Reception and Dinner to Be Held at Commercial Club Oct. 16.

A banquet and "get acquainted" reception are planned by the Badger club of Utah to be held in the Commercial club rooms on October 16. All persons who are natives of Wisconsin or who have resided in that state for some period of time have been asked to attend this banquet. At the meeting of the Badger club held last evening in the office of E. D. R. Thompson in the federal building the details of the banquet were arranged. A button has been adopted by the club bearing a gold badger and the letters "B. C. of U."
